

Our Mission... "Make Their Day"
Since 1978

Food Service Report 2015

GOAL

My goal is to continue to provide the students a nutritional balanced breakfast and lunch in accordance with the Federal Child Nutrition Program regulations and guidelines.

1. All of OPAA's menus meet the Healthier US School Nutrition Guidelines-MO Eat Smart Guidelines.

HEALTH DEPARTMENT SUMMER SCHOOL PROGRAM

Under instruction of Mr. Schroder, we will continue to do the Health Department guidelines and will continue to offer for the month instead of the two weeks as in previous years.

HEALTH INSPECTIONS

We have scored lower in our health inspections this year as in previous years. This is due to new health inspector and staff being too relaxed with their ways. Some of the criticals we have received were due to maintenance issues and these have been corrected.

PARTICIPATION REPORTS

See Attached Graph

1. This graph is taken from the same week of December 2013 and December 2014. Participation continues to be a roller coaster. We have a significant increase in breakfast due to the second chance breakfast. Lunch has increased in the high school, but has decreased in the other buildings.
2. The second chance breakfast is now being offered to high and middle school students.
3. We are continuing to offer the snack program to the Eagle Nest Preschool.

Opaa! Food Management, Inc.

100 Chesterfield Business Parkway • Suite 310 • Chesterfield, MO 63005 • 636-812-0777 • Fax 636-812-0100
www.opaafood.com

4. Our Ala Carte sales have dropped significantly. We have gone from running around \$350.00 to around \$125.00. This is due to the new government changes and limit offerings.
5. We have started implementing new changes as discussed in previous board meeting and Administration meeting, it is still too soon to see the results.

EXTRA ACTIVITIES

1. Back to school night we served around 600 families again
2. We had our freshman kick off, we provided lunch for them.
3. We have also done back to school breakfast for all of the school staff as well as the middle school back to school faculty meeting.
4. We will be catering the Hall of Fame Dinner again this year.
5. We had our Veteran's come for Breakfast at the elementary. We had around fifteen guests. The middle school students were able to invite a Veteran to breakfast. We had around six guests. In the high school, we recognized our Veteran teachers by offering a free meal.
6. We have had our Optimist Club join us for lunch.
7. We continue to offer our staff treats and lunches for our staff weekly.
8. We will do free breakfast for our students during MAP testing
9. We will do the senior breakfast for our seniors.
10. We will invite the Optimist Club back for lunch again in April.
11. I am going to invite the bus drivers and custodians to join us for breakfast.

STUDENTS INPUT/NAC MEETING

I will be meeting with the students to get their input on their meals. I will have lunch with the elementary students to discuss their meals and nutrition. I will also meet with the high school and middle school students to get their input.

STAFF

1. We have had several staff changes this year. We have had a kitchen manager move up to a director position with the Clinton School District. We have also had a couple of our staff move into Kitchen Manager Positions. We have also moved some staff around to make it a better fit for the kitchen and students.

2. We have some new staff members this year who have had a real positive impact in our kitchens and with our students.
3. We continue have our special ed graduate employed with us.
4. We have one of our special ed students helping us out in the kitchen where we are working with him on work skills.
5. I have OPAA's Chef Rick coming in to participate in career day with the elementary students.
