

SUPERINTENDENT'S REPORT

February 16, 2021

- MSBA Board Report Video: The February report reviews the environment surrounding public education at the national level, issues regarding education and state online sales tax covered during the State of the State address, and concerning legislation for public education. The report also reminds Board members that the Legislative Forum, usually scheduled in February, has been moved to April 12 this year. The Center for Education Safety is also offering a School Safety Academy for school safety officials.
